Aldermen were elected to the State Fair Association, and the Richmond, Fredericksburg and Potomac Railroad, and the board of aldermen will be asked to give the fair a special privilege to use the tracks for ten minutes at a time, to allow cars to take on passengers during the week.

Guth Owes No Rebate

The True Side of the Fireman's Controversy.

On my return to the city I found a statement printed in the News-Leader of August 30th to the effect that "tardy preparations on the part of Guth, the caterer at Idlewood, caused some confusion on 'Fireman Day' at the big pleasure park."

"It is now understood that a rebate will be given the committee that contracted for the luncheon. The Executive Committee contracted for a luncheon to cost \$800. 'Between 600 and 700 were fed—the menu consisting of Brunswick stew, cheese, ham sandwich and salt pickle. 'The firemen are not satisfied with menu served up to their guests.' 'Manager Wells evinces an inclination to take the firemen's view of the controversy.'"

THE TRUE FACTS ARE THESE: The Guth Chocolate Co., which has the cafe concession at Idlewood, served the fireman's luncheon exactly as contracted for by Manager Jake Wells, and were to receive TWENTY-FIVE CENTS for each person served with Brunswick stew and sandwiches. If the Firemen's Committee were charged \$800, it was done by Mr. Jake Wells of the Idlewood Company, and not by us. We have not even received from the Idlewood Company the paltry sum of 25 cents for which this meal was contracted. We have no controversy with the Firemen's Committee, and if there is any complaint on their part it is with Mr. Jake Wells and the Idlewood Company, and not us.

The Guth Chocolate Company is doing business in nearly every principal city in the United States, and its methods and service are always of the best and as contracted for.

CHARLES G. GUTH, President
The Guth Chocolate Company.
